

LIKHITH GOWDA S

FRONT END DEVELOPER

Mysore | likhithgowdaslikhiths@gmail.com | 8088607922

SUMMARY

Creative and detail-oriented Web Designer with one year of experience in building responsive and visually appealing websites using WordPress, HTML, CSS, and JavaScript. Skilled in crafting user-friendly layouts and ensuring cross-device compatibility. Passionate about learning modern web design tools and frameworks like **React JS and TypeScript** to deliver interactive digital experiences.

Proficient in **global state management** using **Redux, Recoil, Zustand, and Context API**, and experienced in integrating **RESTful and GraphQL APIs** for seamless, data-driven applications. Focused on writing **clean, maintainable code**, optimizing UI components for **performance and scalability**, and collaborating in **agile environments** to create high-quality, responsive web solutions.

PROFESSIONAL SKILLS

Front-End Development, Responsive Design, State Management (Redux, Recoil, Context API), RESTful & GraphQL API Integration, Performance Optimization, Debugging, and Cross-Browser Compatibility.

TECHNICAL SKILLS

HTML5, CSS3, JavaScript (ES6+), React JS, TypeScript, Redux, Recoil, Zustand, WordPress, jQuery, Tailwind CSS, Responsive Design, RESTful & GraphQL API Integration, Git, Figma, Canva, Webpack, Vite.

PROJECTS

Certification Generation System

Technologies: Java, MySQL (phpMyAdmin), HTML, CSS

- Built a **dual-interface web application** (Student & Teacher modules) using **Java and MySQL**.
- Student module: Enabled students to fill and submit certification forms.
- Teacher module: Allowed administrators to manage student data and **generate PDF certificates**.
- Designed professional certificate templates with integrated **PDF download functionality**.
- Implemented **CRUD operations**, role-based access, and input validation.

Industry Websites (Medical, Travel, Education, IT)

Technologies: WordPress, HTML, CSS, JavaScript

- Created and hosted **10+ responsive websites** across multiple industries.
- Implemented **SEO best practices**, domain setup, email configuration, and hosting management.
- Ensured **cross-device compatibility, speed optimization, and security hardening**.

Travel Agency Website

Technologies: WordPress, JavaScript, CSS

- Designed and deployed a **custom WordPress-based travel website** with booking features.
- Enhanced performance through **SEO optimization and responsive UI improvements**.

E-Commerce Platform

Technologies: React JS, TypeScript, Tailwind CSS

- Developed a **fully responsive front-end UI** for an e-commerce platform using **React JS and TypeScript**.
- Focused on **component reusability, state management, and dynamic product layout design**.
- Ensured **performance optimization, cross-browser compatibility, and mobile responsiveness**.

EXPERIENCE

Web Designer / Developer – DotXpertise, Mysore, India

Oct 2024 – Present

- Designed and developed **responsive and visually engaging websites** using **WordPress, HTML, CSS, and JavaScript**.
- Improved **user experience and boosted website traffic by 30%** through optimized design and SEO best practices.
- Customized layouts using **Elementor** and **WPBakery**, and created professional visuals with **Figma** and **Canva**.
- Applied **UI/UX principles** and **SEO fundamentals** to enhance user engagement, visibility, and site performance.
- Built **mobile app login modules** using **Flutter** and integrated them with backend systems for seamless functionality.

- Delivered **secure, scalable, and user-friendly interfaces** for both web and mobile applications.
